Project Description

This \$179M new multi-lane, limited-access toll road that will run East of CR 209 to North of SR 16. The project consists of approximately 9.7 miles of newly constructed roadway, a new drainage system, stormwater ponds, traffic signals, lighting, highway signing, guardrail, box culverts, 15 new bridges, and MSE walls. The project further consists of an ITS trunk line spanning the length of the roadway, two new facilities featuring overhead gantries with electric tolling, and other incidental construction.
