EVERGREEN AVE. AND 45TH ST.

CONTRACT NO.:
175725

PROJECT DESCRIPTION

This JEA 20"-30" Force Main CIPP Rehabilitation Project runs along Evergreen Avenue from N. Main Street to E. 45th Street. It involves installing 7,950 LF of 20"-30" CIPP liner across multiple pipeline segments, along with polyurethane grout injection, pipeline cleaning, and point repairs. Sewer manhole rehabilitation includes removing deteriorated elements, reconstruction, and applying a structural liner. A temporary bypass system, including HDD installation, will be set up to support the work. The project also includes roadway reconstruction, MOT, and extensive community coordination.
