

**LAKESIDE DR.  
INFRASTRUCTURE  
IMPROVEMENTS**

CONTRACT NO.:  
6533-62

**PROJECT DESCRIPTION**

This \$2M bridge replacement project through the City's continuing CEI contract. The project consisted of removing the existing 30' double-span concrete bridge on Lakeside Dr. and replacing it with a triple barrel box culvert on stinger piling, reconstruction of the Lakeside Dr. and Wabash Ave. intersection, and sidewalk construction between U.S.17 and Herschel St. The project also included roadway removal and reconstruction, drainage removal and construction, milling and resurfacing, water main construction, lighting construction, maintenance of traffic, dewatering, erosion control, utility adjustments, and ADA ramps.
